

Academic Awards: Dean's List & Merit List

Updated in July 2025

Institute recognizes students whose SGPA is above 8.5 in a semester and are in the top 20% of their class. The recognition is in the form of inclusion of their name in a Dean's list of students with academic excellence. An award function is held annually where the Director and Deans felicitate such students. The achievement is also recorded in their transcripts.

Type of Award	Award features
Dean's List I	For the top 5%* of students
Dean's List II	For the next 5%* of students
Dean's List III	For the next 5%* of students
Merit List	For the next 5%* of students

* In case of the same SGPA, all such students will be considered for the appropriate Dean's List.

Eligibility Guidelines:

For the semester in which the award is applicable, following conditions to be satisfied.

1. The minimum SGPA should be ≥ 8.5 in each discipline of each programme.
2. No F grades in that semester, including extra, non-academic courses like SAVE, etc.
3. Minimum credits in that semester are 12 excluding thesis credits, project credits with S grades, and other Pass/Fail courses (without letter grades).

Note:

- Dean's List will be generated separately for each discipline of each programme. Lateral Entry students are to be added to the respective DD batches.
- Number of students in each batch will be considered from the students registered in the respective semester.
- The Institute does not rank students based on CGPA at the end of their study.
