

IIIT-H Faculty, Staff and Students Email Creation, Deletion and Continuation Policy

Version 1.0

July 2022

I. Purpose

The purpose of this policy is to create e-mail accounts at IIIT-H. It is intended to help IIIT-H Students, Faculty and Staff understand how and when accounts are created and deleted and how notifications are made.

II. Applicability

This policy establishes eligibility for computing resources for faculty, staff, students, alumni, Project Interns or any other user.

III. Policy

IIIT-H account provides the account holder with access to a Mailbox with o365 apps, Internet/Intranet services, access library journals, ADA servers and other technology services. Access to these services is considered a privilege.

- HR office requests for new faculty/staff creation of email ids.
- HR office requests for guest faculty creation of email ids.
- Admissions office requests for new students' creation of email ids, Program conversion etc.
- Academic office request for passed out students move to alumni after convocation.
- Academic office request for Terminated students to remove mail ids.
- R&D and HR offices request project staff and interns based on concern center faculty approval.
- R&D office request for conference and events email-ids based on concern center faculty approval.
- Intern students user credentials for ADA server connecting using IIITH VPN, this request from R&D office after approvals from concern faculty.
- CIE staff email id requesting from R&D office and creating on @cie.iiit.ac.in.
- iHub staff email id requesting from R&D office and creating on @ihub.iiit.ac.in.
- Outreach office requests for short-term courses completed students alumni email ids on @alumni.outreach.iiit.ac.in

- Research staff/ research associates email ids are created on research domain (@research.iiit.ac.in)
- Courses role-based email ids created based on request from academic office.
- Admissions panel email-ids created based on request from admission office.
- IMS role-based email ids are created based on approvals from IT Head
- Institute Role-based email ids are created, request from HR office.

IV. Email creation format

- Current email policy for faculty/staff: firstname.lastname@iiit.ac.in

TRC approved the request for a preferred email id for the faculty. Committee suggested that the existing policy can be relaxed and the email id to be provided such that it contains part of their names/initials in case the preferred id was already available. As the faculty mail ids are tied to the Microsoft license, it suggested to first keep the ids as part of the free license with the new id and on user's confirmation, the mail id can be moved to the A3 license.

- Students and other users we can implement current policy like
firstname.lastname@xxxx.iiit.ac.in

V. Email Archiving policy

The Institute shall create procedures for archiving the emails based on the roles classification.

Guidelines: -

i. Faculty (Regular)

- Email address will be active life long. E-mail box will be available for one year after faculty leave the college. After one year, the e-mail box will be removed and email address will be converted into an alias address, forwarded to their requested e-mail address.
- On leaving the institute, faculty email address will not be part of any mailing lists.

ii. Guest faculty

Based on the request from HR office/Academic office the E-mail address will be active for the period requested.

iii. Lecturers

- E-mail account of lecturer will be deleted after a one year of their exit.

iv. Terminated faculty

- Based on the request from HR office/Academic office the E-mail address will be active for the period requested, after that the requested period the password will be reset and the email id will be inactive/deleted.

v. Expired faculty

- After six months, expired faculty's email accounts will be deleted.

vi. Staff

- E-mail account of staff will be deleted after a month of them leaving the institute.

vii. Students

E-mail boxes of all graduated students are migrated to Alumni accounts.

viii. Others (Interns/Research Associates)

Email accounts are purged after taking the No-Dues from Help team.

ix. Events and conference email ids

Email accounts are archived and purged for the period requested or maximum of 3 months whichever happens earlier.
