

IIIT-H IT POLICIES
International Institute of Information Technology, Hyderabad.
2022-v1.0

Email Account Password Policy:

Password Aging Password ageing allows you to force users to change their passwords periodically. The default password expiration is one year.

Password Recommendations

- A strong password with a combination of letters, numbers and symbols.
- Characters limit a minimum of 8 characters.
- Enforced password change at the next sign (Account creation Process and password reset) using URL <https://passwordreset.iiit.ac.in>
- Password reuse restricted (old password can't be reused again)
- Default Password expiration age is one year.

Password Reset

The users are advised to follow the guidelines given below for resetting their E-mail account which may be required in case of loss of/forgotten password or any trouble in logging into their E- mail account.

- When users forget the password, they can write an email to help@iiit.ac.in.
- For students: The user should send an e-mail, clearly stating his/her institute mail account details (mail ID, user name, branch & roll number) as well as the reason for resetting the password of his/her official E-mail account
- Faculty/Staff: Mail request from alternate emails. However, it will be reset after a request mail conversation /phone call.
- Common/general Email id password reset: Request from the contact person with the approval of concerned office/stake holder.
