EDITOR'S PAGE

"Sports is an universal language that can bring people together no matter what their origin, Background, religious belief or economic status".

- Kofi Annan

A Sports is a unique activity that infuses the best qualities in any human being. A sports field is considered a laboratory where sports activities groom the individuals physically, mentally and morally with the important values of life to face the world confidently. The values imbibed elicit the best character, behavior and action of an individual, which bring happiness to the individual, the family, the organization and the society.

"Play Sports and enjoy Health"

With this spirit Physical Education Center, IIIT- Hyderabad started its journey in 1999.

Key activities include Sports Credit course (Morning 6:30 to 7:30), (Evening 5:30 – 6:30 and 6:45 – 7:45), Coaching in Football, Hockey, Cricket, Basket Ball, Volley Ball, Kho-Kho, Table Tennis, Badminton, Chess, Martial Arts and Fitness in the evenings 5:00 to 9:00.

Gym is equipped with multi stations, independent apparatus and also modern equipment and is open in the morning 5:30 to 9:00 and in the evening 4:00 to 9:00.

IIIT-H sports calendar includes Inter House (Aakash, Agni, Prithvi and Vayu), Inter Batch, Premier Leagues, Friendly Matches, Inter College Meets, Sports Carnivals, Annual Athletic Meets, Sports Seminars, University Sports, National Festivals and Adventure Sports.

To enjoy sports, institute developed infrastructure like Cricket Nets, Badminton Courts, Basket Ball, Football and Volleyball Courts with flood lights, Gym, Indoor Space with Pool tables and Table Tennis and planning many more in future.

With this continued support from every one center is planning to develop football grass field, synthetic lawn tennis court and indoor stadium in the near future.

I thank our Director Professor P.J.Narayanan, Dean Academics Prof.JayanthiSivaswamy, Dean R&D Prof. C.V. Jawahar, Registrar and founder Physical Education Center Prof. Pradeep Kumar Ramancharla and Chair – SLC Prof. Radhika Mamidi

Present Chair- Sports – Prof. Vinod P.K., Member Sports Prof. Raghu Reddy and Prof. Prasad Krishnan.

Ex Director Prof. Rajeev Sangal, Ex SLC Chair-Prof. Abhijeet Mitra, Prof. Dipti Misra,

Ex Chair- Sports Prof. Madhu Mutyam, Prof.KannanS rinathan, Prof Sanjay Rawat, Prof. Shyam Sunder Reddy, Prof. Abdul Rehman, Prof. Suresh Purini for the best support and encouragement.

I also thank all my center staff, coaches and grounds men, students, staff and faculty for all their co-operation.

With best wishes

IMPORTANCE OF PHYSICAL EDUCATION

Aerobic activities make you breathe harder and make your heart beat faster. Aerobic activities can be moderate or vigorous in their intensity. Vigorous activities take more effort than moderate activities.

Muscle -strengthening activities make your muscles stronger. These include activities like Push-ups and lifting weights. It is important to work all different parts of the body-your legs, hip, back, chest, stomach, shoulder and arms.

Bone -strengthening activities makes your bone stronger. Bone strengthening activities like jumping very important to the students. These activities produce a force on the bones that promotes bone growth and strength.

Balance and stretching activities enhance physical stability and flexibility, which reduces risk of injuries. Examples are gentle stretching, yoga, martial arts etc...

These physical activities makes a person physically fit and optimistic throughout the life.

Regular Physical Activity can produce long term health benefits.

Physical Education plays a vital role in the students development and growth. According to recent medical studies physical well being of a student is directly related to his or her performance in the class or in the office.

- 1. Physical Education is a link to good health. Only in this class student learn the value of taking care of themselves through proper grooming and healthy eating and regular exercise.*
- 2. Physical Activity is a preventive measure against disease.*
- 3. Physical Education is a program for muscle strength and fitness. It develops motor skills and hand-eye coordination.*
- 4. It promotes academic learning. Physical health allows students to function even better in class rooms. A good cardiovascular system developed from regular exercise promotes excellent blood and oxygen circulation. This means more nutrients circulate throughout the body which includes the brain. This circulation produces longer attention span during classes allowing longer concentration and absorption.*

5. *It builds self esteem. Students who are active in physical activities and games like basketball, volleyball, martial arts, running just to name a few are more confident with themselves according to most social school studies. It's probably because of the self discipline and dedication to excel in a sport that brings out the best in students.*
6. *It develops cooperation, team work and sportsmanship.*
Most physical education programmes are holistic. The programme allows student to interact together to a common goal and that is to win and excel physically. It brings out the competitive sides of students working with body and mind but also promotes sportsmanship.
7. *It promotes a physically active life style. The purpose of physical education is to instill in students at an early age the value of preservation and choosing a lifestyle that is good for both the mind and body.*

Policy on Sports Credits

dated: 4th July, 2018

As part of the 12 credits allocated for SAVE (Sports, Arts and Value Education) from Monsoon Semester 2018-2019, the following policies shall be applicable for the "Sports Credits" (4 credits).

1. A total of 4 credits is assigned to sports credits. The credits shall be split into four parts of 1 credit each and may be taken under the following areas:

- PT/Games
- Yoga
- Martial Arts

- Every student must take 1 credit per area (1 credit of PT/Games, 1 credit of Yoga and 1 credit of Martial Arts).
- The 4th credit may be a choice from any of the three areas.
- It is recommended to do 1 credit per semester but 2 credits per semester allowed.
- A maximum of 2 sports credits may be taken in one academic year.

2. The students are strongly encouraged to finish all four credits by the end of their 4th semester.

3. If a student does not complete the Sports Credits by end of his/her fifth semester, he/she shall not be allowed to register for full academic load in the subsequent semesters till he/she finishes the Sports Credits. Further, the student shall not be allowed to graduate without completing the sports credits.

4. The Sports Credits are separate from academic credits. They are not interchangeable with academic credits and must be satisfied independently. For example, they will not be counted towards Grade Point Averages in any way and cannot be used to satisfy any minimum academic credit requirements or vice versa.

5. The grade for the course shall be given as Pass/Passed with honors/Fail (P, P* and F). The grade shall be based on attendance and other criteria established for the respective activities by Physical Education Center. A minimum of 85% attendance for boys and 80% for girls is required for passing each of the sports credits.

6. Students registering for one credit must attend three sessions per week (one hour per session) regularly throughout the semester.

7. Students who are representing the institute in various games, and who are in probable list, can avail the practice sessions towards attendance of the specific PT/Games upon approval.

8. Permission for Exemptions to the above due to health issues or any other reason must be obtained from Dean Academics.

9. Sports credits cannot be earned during the summer.

Important points

(May change from semester to semester)

Students are allowed to opt for the following as part of PT/Games:

As part of PT/Games, students are required to do General Exercise, jogging etc. (known as Physical Training) in conjunction with any one sport from the below:

Gym (Boys and Girls)
Basketball (Boys and Girls)
Football (Boys and Girls)
Badminton (only for girls)
Hockey (Boys and Girls)
Table Tennis (Boys and Girls)
Volleyball (Boys and Girls)
Throw Ball (for girls)

Maximum no. of students allowed in the above games will be announced at the beginning of each semester. Availability of a particular game may change from semester to semester. The session may be scheduled either in the morning or in the evening depending on the availability of activity in-charge.

Typical Time Slots (subject to change)

PT/Games: 6:30 a.m. to 7:30 a.m. and 5:15 p.m. to 6:15 p.m. (both sessions)

Yoga: 6:30 a.m. to 7:30 a.m. and 5:15 p.m. to 6:15 p.m. (both sessions)

Martial Arts: 6:30 a.m. to 7:30 a.m. (only morning session)

Slots per week:

Slot-1: Monday, Wednesday, Friday

Slot-2: Tuesday, Thursday, Saturday

Please note the following:

1. Primary point of contact for PT/Games and Martial Arts related issues (including requests for shifting/exemption due to health or academic reasons) is Dr. K S Kamalakar.

Primary contact for Yoga specific issues is Yogacharya Vinayak.

2. Number limits put are due to constraints – infrastructure capacity as well as availability of instructors. Gender preference for Badminton is offered due to limited capacity, and to provide some more suitable sports options to girls.

We hope that students will do “**Sports Credits**” with the goal of training their body/mind and improve health. These skills will serve you well through your life.

Date: 4 July 2018
